Innovations in cosmetic surgery: What works, what doesn't?

Every year thousands of men and women have cosmetic surgery to turn back the clock on their appearance. Cosmetic surgery can help you to not only look better, but also feel better. Unfortunately, there are so many new innovations that choosing the best option for your specific situation can be confusing and frustrating.

Come hear a board-certified plastic surgeon describe the benefits and limitations of current cosmetic procedures, including breast augmentation and reduction, liposuction, and both surgical and non-surgical facial rejuvenation procedures such as laser treatments, fillers, and Botox.

Speaker Claude Burrow, MD

When Monday, July 23, from 7 to 8 p.m.

Where Boulder Valley Christian Church
7100 S. Boulder Road in Boulder
